# If I need to come into school through Main Reception

If I need to come into school through main reception, the reception staff will help me enter.

There are clear instructions on the main door for me if I need to come into school through reception.

There is a buzzer that I should press to let Reception know I am waiting to come in. They will then release the lock on the door for me.

# If I need to go to House Reception

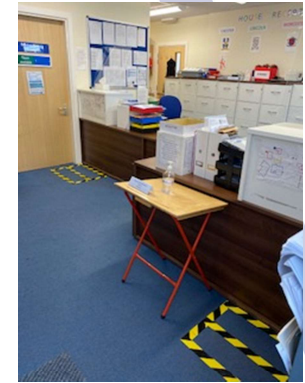

If I need to go into Student Reception and another student is in there already, I will wait for my turn by standing by this notice.

There are clear instructions on the door to House Reception. I will only go inside when the person before me comes out.

The staff in house reception will see that I am waiting.

I will be able to speak with someone easily. The markings on the floor will make it easy for me to see where I should stand.

# I will stay safe at Break and Lunch times

Breaktimes and Lunchtimes might be at different times for each year group.  
This will help to keep me safe. ✓

I will be clearly told what time I will have break and lunch.  
I will know exactly what time I am able to go outside. ✓

Each year group will have a different zone to stay in.  
This will help to keep me safe. ✓

# I will spend break time and lunch time with my year group in one of the following places

If I am in Year 7, 8, 9 - I will have break/lunch on the Old All Weather Pitch on first sitting

If I am in Year 10, 11 - If I am in Year 7, 8, 9 - I will have break/lunch on the Old All Weather Pitch on second sitting

If I get confused, I know I can ask an adult for some help and they will know where I should be.

# It's going to be ok

Going back to school will be good. I will try to remember that the changes are to keep me safe.

If I am worried and I don't feel ok, I can speak to an adult who will always be happy to help me.

My teachers will be proud of me for trying to remember what I need to do at school and **I can be proud of myself.**
